Remote work and business continuity are more critical than ever while adapting for COVID-19. So here at Konica Minolta and our Konica Minolta Dealer Network, we have enabled more FLEXIBILITY to get you access to tools to improve communication during this unprecedented time. At this time we will allow clients to use the service as needed for as long as needed without a long-term commitment.

Keep your team connected anywhere with unified communications. We are offering a flexible month-to-month plan to clients to help them maintain business continuity during this time.

The offering includes Cisco's trusted cloud-based UC-One applications which connect people across devices and platforms, increasing productivity and collaboration. Employees can securely use the app for **voice calls, instant messaging, video chat,** and **screen sharing** wherever an Internet connection is available.

UPDATE YOUR BUSINESS CONTINUITY PLAN

Adopt the flexibility your team needs and benefit from the added availability provided with unified communications.
